International Symposium on Frontiers in Network Applications and Network Systems (FINANS 2012)

Poland, Wroclaw, 9-12 September 2012

organised as a part of
FEDERATED CONFERENCE ON COMPUTER SCIENCE AND INFORMATION SYSTEMS

Call for papers

Topics
Topics include (but are not limited to):

- Architecture, scalability and security of Open API solutions,
- Technical and social aspects of Open API and open data,
- Service delivery platforms - architecture and applications,
- Telecommunication operators API exposition in Telco 2.0 model,
- The applications of intelligent techniques in network systems,
- Mobile applications,
- Network-based computing systems,
- Network and mobile GIS platforms and applications,
- Computer forensic,
- Network security,
- Anomaly and intrusion detection,
- Traffic classification algorithms and techniques,
- Network traffic engineering,
- High-speed network traffic processing,
- Heterogeneous cellular networks,
- Wireless communications,
- Security issues in Cloud Computing,
- Network aspects of Cloud Computing,
- Control of networks.

Important Dates
- Paper submission: **April 22, 2012**
- Author notification: June 17, 2012
- Final submission and registration: July 8, 2012
- Conference date: September 9-12, 2012
